Dealer Comments
Say hello to the 2027 Ford Explorer. This new SUV is built around real family needs - room for car seats, groceries, and whatever the weekend brings. Heated seats make cold mornings nicer, and the navigation keeps everyone moving without the map app shuffle. A rear camera and keyless entry make daily life simpler, while bluetooth and steering wheel controls keep your focus on the road. Finished with aluminum wheels and rear LED lights, the Explorer balances comfort and presence.
