Dealer Comments
Meet the 2027 Ford Explorer, an SUV built around family life and the little wins that add up every day. Leather seats make long drives more comfortable while navigation and a rear camera keep you confident on unfamiliar roads. Keyless entry and Bluetooth keep comings and goings simple, and cruise control tames the highway stretches. Safety features like airbags and a tire pressure monitor give one less thing to worry about. Take the Explorer for a test drive and see how it fits your routine.
