Dealer Comments
This used 2023 Dodge Charger feels like the kind of sedan you actually want to drive - sporty performance that makes highway miles disappear and a confident stance when you pull into the driveway. The Charger keeps things practical too: a rear camera makes parking simple, bluetooth keeps calls and playlists hands free, cruise control settles in for the long run, the tire pressure monitor helps avoid surprises, and cabin air filtration keeps the interior fresh. Stop by and take it for a spin.
