Dealer Comments
The 2021 Ram 1500 is a roomy, practical truck that settles into the kind of easy ownership you notice on the first cold morning with heated seats and on the long runs where you set the cruise and forget it. This used 1500 shows low mileage for its age at 34,114 miles and has the everyday tech that earns its keep: a rear camera for backing in tight spots, cruise control for highway miles, a tire pressure monitor and multiple airbags for peace of mind. Come take it for a short drive and see how it fits your routine.
