Dealer Comments

Say hello to the 2026 Ford Mustang. This new coupe is built around sporty performance, the kind that makes a weekend commute feel like something you actually look forward to. Aluminum wheels and dual exhaust tips give it the presence to match the promise, while cruise control helps you set it and forget it on the highway. Bluetooth keeps calls and music simple and hands free, and the rear camera takes the guesswork out of backing into tight spots. Take it for a quick drive and see.
