Dealer Comments

There is a particular grin that comes with a twist of the key and a clear highway ahead, and the 2026 Ford Mustang delivers that without ceremony. This coupe leans into sporty performance with taut handling and a tuned feel, and the design cues make it look ready even sitting still. Practical tech keeps it easy: a rear camera for tight spots, bluetooth for your playlists, cruise control for long runs, aluminum wheels and rear LED lights. Come see it in person and take it for a spin.
