Dealer Comments

This used 2017 Ford Taurus feels like a sensible companion for daily driving and the long runs alike, with great gas mileage that keeps the stops at the pump fewer and farther between. The sedan backs into tight spaces without drama thanks to the rear camera, and cruise control makes highway miles simple to set and forget. Aluminum wheels and rear LED lights give the Taurus a tidy, modern look while airbags and a security system keep the people inside protected. Take it for a spin and see how it fits.
