Dealer Comments
Say hello to the 2027 Ford Expedition. This SUV was built for family life that actually runs on time: room for car seats, gear, and the kind of conversations that start in the driveway and finish at the lake. Keyless entry makes juggling kids and groceries less dramatic, bluetooth keeps playlists and calls simple, and the rear camera takes worry out of tight backing maneuvers. Cruise control is perfect for the long haul and cabin air filtration helps keep everyone breathing easier.
