Dealer Comments
Meet the 2026 Ford Ranger. It feels built for mornings when the seat warms up before you do and for the long highway stretches you set the cruise control and let go. The truck's aluminum wheels look sharp and help keep things tidy underfoot. Power mirrors make tight backing simple, while the tire pressure monitor and rear LED lights are the little reliables you appreciate without thinking about them. Airbags and a security system add peace of mind. Take it for a test drive and see how it fits.
