Dealer Comments

This 2018 Ford F-150 rides like a truck that has been enjoyed but not abused. Leather seats and heated seats make the first cold morning commute something to look forward to, while navigation and Bluetooth keep you on course without fumbling for your phone. Set cruise control on the highway and let the truck do the work. Aluminum wheels and rear LED lights are useful extras. Take it for a test drive and see how comfortable a capable truck can be.
