Dealer Comments
Meet the 2027 Ford F-150, a new truck that settles into the routine with very little fuss. Backing into tight spots is easier with the rear camera and power mirrors, and the cruise control makes long highway stretches pleasantly autopilot-ish without the hype. Cabin air filtration keeps the interior feeling fresh on every drive, and the tire pressure monitoring plus airbags are there as sensible, quiet reminders that safety matters. A straightforward, ready-to-work pick.
