Dealer Comments

Meet the 2021 Ford Transit Cargo Van. This used van is built for workdays that start early and end late - easy to load, simple to drive, and ready to tow when the job calls for it thanks to strong towing capability. The driving position gives good visibility so backing into tight spots is less stressful. Practical touches like a tire pressure monitoring system help keep things on the road without surprises. Stop by and take a look; test drives are available.
