Dealer Comments
Here is the 2024 GMC Sierra 2500HD ready for the heavy lifting with a used-vehicle price that makes sense. Heated seats make the first cold morning easier, and the sunroof turns a long drive into something to enjoy. Backing into tight spots is calmer with the rear camera, and cruise control settles in for the highway miles. A tire pressure monitor helps you catch issues before they become problems. Take it for a test drive and see how it fits your workday.
