Dealer Comments

This used 2025 GMC Sierra 1500 feels like a new truck without the new-truck fuss. With just 9,065 miles, it still drives like the first cold morning with heated seats would feel - tight and confident. The premium sound makes long hauls more enjoyable and the cabin air filtration keeps the interior comfortable no matter where you go. Aluminum wheels and rear LED lights give it a sharp, modern look, and the security system adds peace of mind. Take it for a spin and see.
