Dealer Comments

This used 2023 Toyota Tacoma 2WD is the kind of truck that gets the job done without fuss and still feels tidy with only 35,151 miles - low mileage for its age. The cabin air filtration keeps the interior fresh after a long day, cruise control makes highway runs effortless, and the tire pressure monitor and airbags are quiet ways the truck looks out for you. Take it for a test drive and see how it fits your routine.
