Dealer Comments

This 2023 Honda Pilot is the kind of SUV that makes family life easier. With only 34,500 miles, you get low mileage for its age and a responsive highway ride that helps the great gas mileage add up. The Pilot tows when you need it, hauls the kids without argument, and has creature comforts like heated seats for cold mornings and a rear camera that takes the stress out of tight spots. Features include heated seats, rear camera, cruise control, tire pressure monitoring and cabin air filtration.
