Dealer Comments
This used 2020 Toyota 4Runner is built for weekends that start early and end late. Strong towing capability means the boat or trailer joins the trip without debate, and the family friendly interior swallows backpacks, sports gear, and whatever the kids insist on bringing. Backup is easy with the rear camera, long drives stay calm with cruise control, and small headaches are kept out by cabin air filtration, a tire pressure monitor, and bright rear LED lights. Come take the 4Runner for a test drive and see how it fits your life.
