Dealer Comments
This used 2022 Ford Transit Connect Van feels more nimble than you expect, almost sedan-like on tight city streets, and with only 12,555 miles it still drives like the day it left the lot. Great gas mileage makes it an easy choice for daily runs, and the rear camera takes the guesswork out of parking. Cruise control smooths out highway stretches, the tire pressure monitor keeps you honest, and multiple airbags add peace of mind. Take it for a test drive and see how practical it really is.
